Volunteering Opportunities

Mobile Program Volunteer

As a Mobile Program Volunteer, you will help patients in our community by assisting at mobile blood drives in local schools, businesses and community organizations. Blood drives make donating convenient and enjoyable for donors while providing 50 percent of the blood needed by patients. While volunteering at mobile blood drives, your responsibilities might include:

- Welcoming donors and assisting with the registration process
- Observing donors for any problems while providing refreshments and a friendly smile

Donor Center Volunteer

As a Donor Center Volunteer, you can help keep Hoxworth’s nine neighborhood donor centers operating efficiently. These centers are located throughout Greater Cincinnati and Northern Kentucky. Each center provides a centralized and convenient opportunity for donors to give blood. With the help of volunteers, these fixed-site collection centers provide an important means of maintaining a safe and ample blood supply for patients. As a Donor Center Volunteer, your responsibilities might include:

- Serving refreshments to donors
- Observing donors, ensuring that each donor rests for 10 minutes following their donation and replenishes body fluids (This is an essential step in maintaining donor safety.)
- Encouraging blood donors to return by helping them have a positive and rewarding experience
- Working closely with blood donors and friendly staff members

Drivers

Volunteer Drivers pick up blood collections from neighborhood donor centers and mobile drives. They also deliver blood to area hospitals. To assist in this process, Hoxworth Volunteers drive either Hoxworth vehicles or their own cars to transport blood. This process enables the volunteer to experience the emergency care aspect of blood processing, which can be highly rewarding. Volunteers may choose from a set schedule, such as picking up the afternoon collections from specific donor centers, or a flexible schedule that varies weekly depending on the location of mobile blood drives.

Administrative Volunteers

As an Administrative Volunteer, you can help provide support to the administrative offices of Hoxworth Blood Center. As a nonprofit community organization, Hoxworth Blood Center makes every effort to manage operations efficiently. We strive to provide high quality, cost effective blood and laboratory services to all patients in our service region. A variety of programs within our organization need your support. As an Administrative Volunteer, your responsibilities might include:

- Assisting with mailings of educational materials and donor pin mailings
- Working closely with friendly and appreciative Hoxworth staff members

Public Relations Volunteer

Public Relations Volunteers have a unique opportunity to get involved and meet new people while making a valuable contribution in helping secure enough blood for our communities. As a Public Relations Volunteer, your responsibilities might include:

- Discussing why blood donation is such an important part of our community at a health fair in an exciting booth filled with information and give-aways
- Dressing up as Buddy the Blood Drop, Hoxworth’s well-known and much loved mascot, and recruiting blood donors
- Speaking at local companies, schools and organizations to recruit donors for an upcoming blood drive
